

HilleVax to Participate in J.P. Morgan Biotech – 2022 Conference Call Series

September 1, 2022

BOSTON, Sept. 01, 2022 (GLOBE NEWSWIRE) -- HilleVax, Inc. (Nasdaq: HL VX), a clinical-stage biopharmaceutical company focused on developing and commercializing novel vaccines, today announced that it will participate in the J.P Morgan Biotech – 2022 Conference Call Series. HIL-214, HilleVax's investigational virus-like particle (VLP) based vaccine for the prevention of moderate-to-severe norovirus-related acute gastroenteritis, and the related ongoing Phase 2b study NEST-IN1 will be topics of discussion.

Fireside chat details:

Date: Tuesday, September 6, 2022
Time: 1:00 – 2:00 p.m. Eastern Daylight Time (EDT)
Moderator: Eric Joseph, Ph.D.
HilleVax: Robert Hershberg, M.D., Ph.D., Chairman and Chief
Participant: Executive Officer

Please contact your J.P. Morgan representative to access the session

About HilleVax

HilleVax is a clinical-stage biopharmaceutical company focused on developing and commercializing novel vaccines. Its initial program, HIL-214, is a virus-like particle (VLP) based vaccine candidate in development for the prevention of moderate-to-severe acute gastroenteritis (AGE) caused by norovirus infection. Globally, norovirus is estimated to result in over approximately 700 million cases of AGE and 200,000 deaths per year, resulting in over \$4 billion in direct health system costs and \$60 billion in societal costs per year. The burden of norovirus falls disproportionately on young children and older adults. For more information about HilleVax, visit the company's website at <http://www.HilleVax.com>.
