

HilleVax Announces Pricing of Public Offering of Common Stock

September 19, 2023

BOSTON, Sept. 19, 2023 (GLOBE NEWSWIRE) -- HilleVax, Inc. (Nasdaq: HLVX), a clinical-stage biopharmaceutical company focused on developing and commercializing novel vaccines, today announced the pricing of its public offering of 8,000,000 shares of its common stock at an initial price to the public of \$12.50 per share. All of the shares are being offered by HilleVax. The gross proceeds from the offering, before deducting underwriting discounts and commissions and other offering expenses, are expected to be \$100.0 million. The offering is expected to close on September 22, 2023, subject to the satisfaction of customary closing conditions. In addition, HilleVax has granted the underwriters a 30-day option to purchase up to an additional 1,200,000 shares of common stock at the initial price to the public, less underwriting discounts and commissions.

HilleVax intends to use the net proceeds from the offering to fund the clinical development of HIL-214, including certain manufacturing activities, and for working capital and general corporate purposes.

J.P. Morgan, Leerink Partners, Stifel and Guggenheim Securities are acting as joint book-running managers for the offering.

The securities described above are being offered by HilleVax pursuant to a shelf registration statement (including a base prospectus) relating to these securities that was filed with the Securities and Exchange Commission (SEC) on May 12, 2023, and became effective on May 19, 2023. A preliminary prospectus supplement and accompanying prospectus relating to this offering has been filed with the SEC and are available on the SEC's website at www.sec.gov and a final prospectus supplement relating to this offering will be filed with the SEC.
